PRESS RELEASE

ERBUD SA has a contract for construction and installation works in Kozienice Power Station worth nearly PLN 41 million

Erbud SA signed a subcontracting agreement for the construction of DeNOx system for boilers K2 (stage I) and K1 (stage II) in Kozienice Power Station. The contract with a value of PLN 40.8m will be completed by the end of the first quarter 2016. Mitsubishi Hitachi Power Systems Ltd. is the contracting party.

The scope of the agreement includes but is not limited to the basic design and obtaining building permit, execution of construction and installation works, procurement and construction of supporting structures, flue gas ducts and installation of equipment and systems, incl. SCR reactor.

The project is performed for Enea Wytwarzanie SA.

This is another contract with the energy business concluded recently by the company.
